About 2 Sweet Bakers

Kateri Nippert and Mary Schwarz, sisters since 1970, grew up in West Chicago, IL. Their love of baking and decorating came from watching their mother make custom themed birthday cakes - Kateri had many "Bunny" cakes, while Mary's tended toward "Jack-O-Lanterns" due to birthdates! Kateri started making the decorated cookies after inspiration struck in the form of Martha Stewart. Being the fabulous sister that she is, Kateri then taught Mary everything she knew, and they continue to learn together. They were (and are!) delighted to bring their cookie creations to family and friends, who more and more began asking if they had a business. Finally, in April of 2009 they began the foray into the baking business, and 2Sweet was born. Among the benefits - more sister time together!

Each custom order is hand decorated with great care and artistic detail. Pricing varies greatly depending on quantity, size, and design. Contact us today for custom pricing. Great as favors or for any party!
